Life at Bryn Tirion Hall School

School Uniform

All pupils are expected to wear school uniform. This is a blue school sweatshirt with logo, a blue school polo shirt, grey or black skirt or trousers and black footwear. A change of clothing is required for PE. Pupils will also be given a black school hoodie which they can wear when they have achieved sufficient reward points. It is their responsibility to keep this hoodie and wear it appropriately. All clothing should be clearly labelled.

Welsh

Bryn Tirion Hall School is committed to promoting Welsh Language and Culture as an integral part of school life. The majority of our pupils come from homes where English is the first language however, as a school within Wales, we promote an ethos where Welsh culture and heritage is supported and celebrated.

Pastoral

At Bryn Tirion Hall School we create an environment where each pupil is safe and can flourish. A happy learning environment is based on everyone's understanding of what is appropriate behaviour in different situations.

We operate an approach that is aimed at supporting pupils to develop a range of coping strategies and alternatives to exhibiting behaviours that may be regarded as unexpected or 'challenging'. This is a gradient approach that starts with the implementation of a Behaviour Support Plan.

Rewards

At Bryn Tirion Hall School we adopt a positive behaviour support approach using ACE Olympics as our reward system. This is a privilege based system where pupils can gain 3 points each lesson for attitude, communication and engagement and will be rewarded according to their level of achievement.

◇ *Friday afternoon activities*

As a reward for expected behaviour our pupils are offered activities on a Friday afternoon. These range from gaming to external leadership activities. This is based on the points achieved in the ACE Olympics.

◇ *Learner of the week*

Each class will acknowledge a learner of the week who will be rewarded with a £5 credit in the BTH Bank.

Staying Safe in School

Bullying

We are committed to providing a caring, friendly and safe environment for all of our pupils and staff. Everyone is supported to maximise their potential and is treated with respect and understanding. This enables pupils and staff to learn and develop in a relaxed and safe atmosphere.

We acknowledge that bullying can take place and implement a zero-tolerance approach to this. We endeavour to ensure that no one is subject to bullying or harassment of any kind within the school community. All pupils are encouraged to talk about their worries, confident that an adult will listen and will offer help promptly and effectively. The safety of every individual is paramount and our policy supports an approach which encourages restorative practices and a return to expected behaviour.

Health & Safety

The school has a robust Health and Safety Policy to support the provision of a safe and secure environment for all. A whole school risk assessment review is carried out annually and allows all stakeholders to address any areas of concern.

Regular fire drill practice is conducted.

Everyone must sign in and out of the school premises.

The vice principal (pastoral) is responsible for ensuring necessary risk assessments for pupils and their activities, are completed.

Sanctions

Sanctions are defined within school policy and are applied in accordance with this.

Discipline

Pupils are expected to embrace the positive ethos of the school in order to develop and progress.

Exclusions

The Principal will decide upon the need for any fixed-term exclusion. Procedures in Welsh Government guidance on exclusion from schools and pupil referral units (Apr 2015) and The Independent School Standards (Wales) Regulations 2003 are adhered to. Bryn Tirion Hall School always aims to minimise the need for permanent exclusion through collaboration with stakeholders.

Safeguarding & Child Protection

Bryn Tirion Hall School is committed to safeguarding and promoting the welfare of all pupils and expects all staff to share this commitment. We adhere to Welsh Government guidance; Keeping Learners Safe 2015 and the All Wales Child Protection Procedures 2008.

We believe that pupils have the right to be safe and we recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting their welfare. We achieve this by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school staff, training for school staff and working with parents/carers.

All Safeguarding Officers receive regular, ongoing training to remain fully up to date with Safeguarding legislation. They are responsible for the delivery of Level 1 Safeguarding training to all staff annually or upon induction, promoting Safeguarding awareness amongst pupils and parents/carers and enhancing learning experiences across the school curriculum to reflect and promote current guidance such as PREVENT (extremism and radicalisation).

Our Safeguarding Team has the responsibility to protect people's health, wellbeing and human rights and enable them to live free from harm, abuse and neglect.

All matters concerning child protection are dealt with promptly and are treated confidentially.

Use of Physical Intervention

In order to maintain a safe environment we recognise that there may be a need for physical intervention to keep pupils safe from harm, from harming others or damaging property. Each pupil has an individual physical intervention risk assessment as part of their Behaviour Support Plan and all staff are trained and certified by Protecting Rights in a Caring Environment (**PRICE**) in accordance with BILD guidance. All staff members must complete and hold a current certificate for them to be authorised to use such techniques. Training forms part of the new staff induction programme and is updated annually at the start of the academic year with the option of additional training updates as required for all staff on an individual basis.

School admissions

Pupils can join the school at any time of the academic school year. Placement will be made by the Local Authority in response to the pupil's Statement of Special Educational Needs/Individual Development Plan/Educational Health Care Plan

Allocation of pupils to classes

The school caters for pupils from the ages of 7 to 16 and when placing a pupil in a class we take into account their age, physical and emotional maturity, behaviour and social relationships.

If you are considering a referral then please contact the school on

[01978 760034](tel:01978760034)

Admissions procedure

When any referral is made to Bryn Tirion Hall School, the Principal will be informed about the enquiry and will determine if the school has capacity in the particular pupil's year group.

The person referring the pupil is contacted to arrange for information to be forwarded before being shared with SLT for an initial determination of compatibility before any response is made to the referring person. This information could include Statements of SEN (New ALN code of Practice 2020 will include Individual Development Plans - IDPs), education reports (including attendance and incident data if appropriate and available), psychological assessments, medical information, court proceedings and present situation (domestic).

SLT will share paperwork with BTH Therapy and Psychology Team (TaP Team) who will support the admission determination.

If required the Principal or an SLT member may visit the previous school to discuss the pupil.

Referrers may be invited to visit Bryn Tirion Hall School before admission to ensure that the placement and the environment is suitable in meeting the pupils needs.

Pupils who attend daily and not residentially **must** visit Bryn Tirion Hall School before any placement is offered, meet with the other pupils, staff group, and ask any questions. All care will be taken to create the least stressful experience possible and may be dynamically dictated.

A 2nd meeting **must** be held to discuss the placement, complete necessary paperwork (BSPs, consent forms and the new starter pack) and establish a start date if appropriate.

All Stakeholders agree that the placement is dependent upon successful completion of a 6 week assessment process and that the offer of a place may be withdrawn up to this point.

All stakeholders agree to the suitability of the placement and commit to its success including the possible necessity for managed moves .
